

4C or not to 4C?

C M Y K (There is no question).

With Picquic's brand new direct-to-handle printer, we are pleased to offer stunning, full color prints—and who wouldn't want that?

Imprint, Impressions and In-time

Our new printing process not only delivers on eye-catching logos, but increases our imprint area, making your client's logo even more visible on our built-to-last handles.

Experience an increase in imprint area for all of our models. For example, our SIXPAC Plus imprint has increased in height by 25%.
