

With our new direct-to-handle printer, we can now provide stunning full-colour prints directly on any Picquic screwdriver. Because there is no plate, there is no wait!

Shown: SIXPAC Plus item 8811AQ

**12 PC. MIN. FOR SELF PROMO
ONLY TILL FEB 1, 2020**

- Pre-production or spec samples.
- 24 pc. min. order Self-Promo.
- Generic samples and literature.

Pre-production or spec samples:

For just \$35, (*plus 1st column individual product cost), we will provide exact specification samples on our full-colour printer. Imprint costs do not apply for these samples but will be applied on any resulting orders per our usual terms. Pre-production sample cost (\$35) will be credited towards any resulting order. Freight is NO CHARGE subject to ground shipments via our carrier. Allow two weeks for delivery.

Low minimum order Self-Promo:

The best method of selling Picquic screwdrivers is to put one in your client's hands. To support this "theory" we are now offering our distributors a full-colour print of your company logo, on as few as 24 of any model. Self promo orders enjoy a reduced print set-up cost of just \$35, no other print charges. Freight is NO CHARGE subject to ground shipments via our carrier. Allow two weeks for delivery.

Generic samples and literature:

Use this form to order samples and literature. Freight is NO CHARGE, but please allow 10 days for delivery. If you require samples sooner, please provide your alternate shipping instructions and account number for your carrier and we will ship via your carrier, at your expense. NOTE: At our option, we may send your samples via our online retail sources instead of direct from our plant. In this case, product will arrive to you in "retail style" packaging.

All self-promo orders and sample orders shipped from our plant come packaged in these durable sealed blister packs.

Item and order detail information on page 2.
