We are proud to announce that all Warwick Daily Date Calendar Pads are now produced in the USA which means better control and hopefully no orders refused due to lack of calendar pad inventory. We are holding current Daily Date Calendar and refill pricing thru August 16, 2021 and orders received after that date will be subject to an increase of about \$.70(c) to \$1.05(c) each. Contact your Daily Date clients now and show them how to save!
